DETAILED ACTION

Allowable Subject Matter

1. Claims 1-11 are allowed.
2. The following is an examiner's statement of reasons for allowance: the prior art of record (mainly US 6,655,319) fails to disclose or render obvious a squirrel or bird teasing hanger assembly having a lower support including a load cell connected thereto wherein the sound-producing device being automatically activated when the load cell senses a predetermined weight on the bird feeder. All other cited references (Boyd, Hsiao, and Cathell et al.) teach bird feeder repellent devices but without a lower support including a load cell connected thereto wherein the sound-producing device being automatically activated when the load cell senses a predetermined weight on the bird feeder and to modify these references to meet Applicant's claimed limitations would be an improper hindsight seasoning.
3. Furthermore, the instant application (10/827,033) was allowed in consideration of the Terminal Disclaimer filed on 5/3/05.
4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
